

Standard Group

Pumps - Motors - Compressors - Blowers

Pumping Solutions since 1986

UAE - OMAN - INDIA

WE ARE....

Widely known in the Middle East as **specialist suppliers** for **Pumps, Motors, Compressors and systems**. The standard group, founded by **Jabir Rasheed in 1986**, has revolutionized the pumping industry in the UAE, by providing customized and well-engineered fluid solutions across the Middle East and Indian subcontinent. The group's strength has primarily been excellent levels of after-sales service, stock capabilities and inherent ability to synergize its product lines to provide sustainable engineered solutions.

WE STRIVE....

Through our **quality Policy**, which reflects our need to upscale our product line through continuous product research, review, and customer feedback. Our **Vision** is to bring the most effective and advanced pumping technologies to the UAE to meet the ever-changing dynamics of this vibrant economy. Our complete range of solutions cater to almost every market segment including Industrial, Oil & Gas, Marine/Offshore, Chemical, Construction, EPC and Government sectors.

Setting high standards for all your pumping needs.

OUR PRODUCT LINE

- Air operated diaphragm pumps
- Chemical mag drive pumps
- Diaphragm metering pumps (API-675)
- Rotary gear pumps (API-676)
- Progressive cavity pumps (API-676)
- Centrifugal water pumps
- Process centrifugal pumps (ISO 5199/2858 & ANSI B73.1)
- Submersible pumps
- Sanitary / hygienic pumps
- TEFC & ex-proof motors (ATEX)
- Gearbox & drives
- Air compressors
- Side channel blowers and vacuum pumps
- Rotary Lobe Blowers

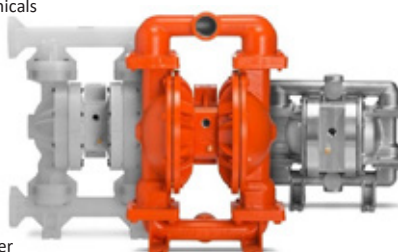

USA

Air Operated Diaphragm Pumps

- ⊙ Intrinsically safe operation
- ⊙ Ability to run dry and handle solids
- ⊙ Flows up to 320 GPM
- ⊙ Max. Viscosity handled upto 25,000cps
- ⊙ Available port sizes from 1/4 to 4 inch
- ⊙ AODD Pump Skid, Trolleys & Flow Accessories
- ⊙ Local inventory of pumps/spares

APPLICATIONS

Acids Alkaline Chemicals
Ceramics
Hydrocarbons
Hygienic
Marine
Mining
Paints & Coatings
Resins
Solvent
Water & Wastewater

ALMATEC
Part of Pump Solutions Group

A Unit of IDEX Corporation

USA

Chemical Injection Pumps (API 675)

- ⊙ Precision dosing and reliable technology
- ⊙ Mechanical/Hydraulic Diaphragm Metering Pumps
- ⊙ Simplex/Duplex and Multiple Heads
- ⊙ Flowrate up to 1445 GPH
- ⊙ Pressures up to 5100 PSIG
- ⊙ Options include Diaphragm Leak Detection,
- ⊙ Automatic Stroke Controller and VFD
- ⊙ PRV, BPV, Calibration pots, Dampeners

Antifoam
Antiscalant
Biocide
Corrosion Inhibitor
Glycol
Hydrochloric Acid
Oxygen Scavenger
Phosphoric Acid
Polymer
Scale inhibitor
Sodium Hydroxide
Sodium Hypochlorite
Sulphuric Acid
Xylene

Pulsapro Series

Pulsapro Series

Chemical Injection Skid

USA

Rotary Gear Pumps

- ⊙ Internal & External Gear Pumps
- ⊙ Flow rates up to 1500 GPM
- ⊙ Differential Pressure / Upto 100 bar
- ⊙ API 676 Compliant Pumps
- ⊙ Optional: Mag-Drive and API 682 Seals
- ⊙ Duplex Fuel Skids
- ⊙ Lobe Pumps

Adhesives
Asphalt
Crude Injection
Glycol Dehydration
Hydrocarbons & Oils
Isocyanate
Polymer/Resins
Soaps & Detergents
Sugar & Chocolate
Sulphur

Universal Seal

Motor Speed

High Pressure External Gear

ITALY

Progressive Cavity Pumps

- Capacity up to 420m³/h
- Pressure up to 48 bar
- ATEX Certified

APPLICATIONS

Chemicals
Crude oil
Hydrocarbons
Marine Oil & Bilge
Paints and Putty
Pulp and Paper
Waste & Sludge

Progressive Cavity Pumps

USA

Valves & Pump accessories

- Accessories for chemical feed and pumping systems
- Back pressure valves
- Pressure relief valves
- Chemical injection valves
- Calibration columns

USA

Fluid Control and Dampeners

- Inlet stabilizers
- Discharge Dampeners
- Pressure relief valves
- AODP Surge Suppressors

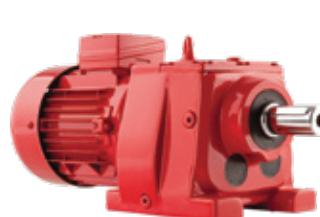

Pulsation Dampeners

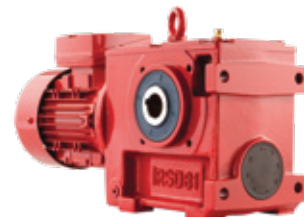

TURKEY

- Helical, Worm, Bevel Gear Units
- Variator Gearboxes
- 1,000,000+ product configurations.

General Industry
Cement
Water Treatment
Marine
Food & Beverage

Inline Gearbox

Worm Gearbox

FINISH THOMPSON INC.

USA

Chemical Centrifugal and Barrel pumps

Barrel Pumps:

- Electrical and Air driven
- Motors-ATEX /Speed control /Battery operated
- Pump tubes in PP, PVDF, SS316, CPVC

Mag Drive Pumps:

- Flow rates upto 1450 GPM
- PP, PVDF

ETFE Lined Mag drive pumps (ANSI)

APPLICATIONS

Anti Foam/Seawater
Biocide
Corrosion Inhibitor
Diesel/Lubricant
Glycol
Hydrochloride Acid
Methanol
Scale Inhibitor
Solvents
Sodium Hypochlorite
Sodium Hydroxide

Drum / Barrel Pumps

ETFE Lined

Mag Drive DB Series

pompetravaini

ITALY

Process Centrifugal Pumps

- Process centrifugal pumps (ISO 5199/2858)
- Mag drive & Mechanical Seal options
- Side channel self-priming pumps
- Low NPSH pumps
- Liquid ring vacuum pumps and systems

Acidic & Caustic Chemicals
Crude oil with H2S content
Edible Oil
Light Oils (Diesel, Kerosene)
Liquified Gases (LPG)
Produced Water
Sea & wastewater
Solvents
Thermic Oil

Multistage Centrifugal Pump

Vacuum System

GRISWOLD 811

USA

Centrifugal pumps (ANSI811 B73.1)

- Max flow: 1590 m3/Hr
- Max Head: 275m
- DI, CF8m (316) SS, CD4MCu and Alloy 20
- Various mechanical seal option

Acidic & Caustic Chemicals
Crude oil with H2S content
Edible Oil
Light Oils (Diesel, Kerosene)
Produced Water
Sea & wastewater
Solvents

ANSI B73.1

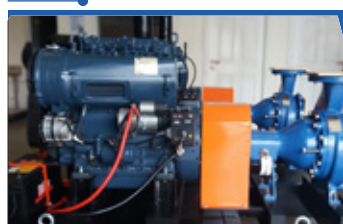

JAPAN

Centrifugal Pumps

- End Suction Centrifugal Pumps (EN733)
- Split Case Pumps – Heavy Duty
- Submersible Pumps

Chilled Water
Cooling Tower
Sea Water
Dewatering
HVAC/Irrigation

STANFLO™

CENTRIFUGAL AND SUBMERSIBLE PUMPS

ITALY

Centrifugal pumps

- Self-Priming Trash Pumps (Solid Handling)
- Submersible pumps (Sewage, Drainage etc)
- Water Pumps – Heavy Duty Monoblock
- End Suction Pumps (DIN24255)

APPLICATIONS

Chilled Water
Cooling Tower
Sea Water
Dewatering
HVAC/Irrigation
Sewage

End Suction

Self Priming

water technology

Submersible Pumps

- Heavy duty submersible pumps
- Available in Cast Iron, Bronze and SS
- Max Flow rate: 2500m³/hr
- Sewage, sea water, wastewater

Sewage
Seawater
Wastewater
Marine/Offshore

PEDROLLO®

the spring of life

ITALY

Water Pumps

- Centrifugal water Pumps
- Domestic, Industrial and Waste water applications
- Submersible Pumps for Sewage and Drainage

Drainage
Clean Water
Dirty Water
Domestic

rovatti pompe

ITALY

Centrifugal Pumps

- End Suction Centrifugal Pumps (EN733)
- Municipal water supply
- Chilled Water Pumps
- Cooling water systems

Chilled Water
Cooling Tower
Sea Water
Dewatering
HVAC/Irrigation

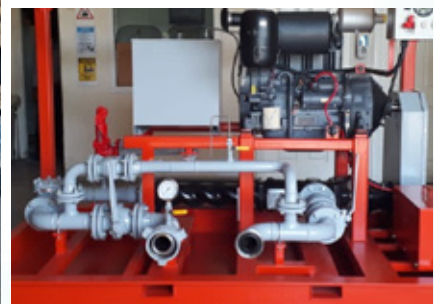

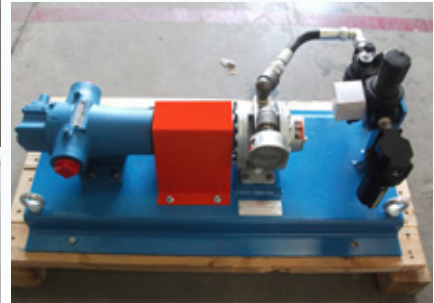

End Suction Pumps

Tractor Pumps

USA

Air Compressors

- Reliable compressed air solutions
- Reciprocating & Rotary Screw Air Compressors
- Upto 280 kw
- Compressor fluids and Service
- Tanks Dryers & Service

APPLICATIONS

Auto Garage and workshops
Chemical Industries
Cosmetics & consumables
Construction
Food and Pharma
Instrumentation Air
Marine & Offshore Rigs
Oil & Gas / Petrochemical
Plastic and PET industry
Steel and Aluminum

GERMANY

Rotary Vane Vacuum Pumps

- Low Noise Level
- Reliable & Durable
- Side Channel Blowers
- ATEX Channel Available

Aerations
Vacuum Packing Machines
Centralized Vacuum Systems

Side Channel Blowers

Rotary Vane Vacuum Pump

ITALY

Rotary Lobe Blower

- Reduced Noise Level
- Small Footprint
- Efficient
- Safe Operation
- Minimum Maintenance

Aeration
Back washing
Pneumatic Conveyers
Desalinization
Lime Cement

Rotary Lobe Bowler

Robox Package
