

QP Pro / Pro+ / Max 5-15

Designed for the toughest 175 PSI applications, Quincy's QP Series pressure-lubricated compressors will deliver the performance and longevity that traditional splash lubricated machines can't. With pressurized oil flowing to all critical surfaces, the QP offers a unique blend of equipment longevity and cost efficiency to maximize the value of your investment.

QP 5-15 HP Reciprocating Air Compressors

The QP Series Is Best For:

- ✓ Professional and industrial applications that demand longevity and durability
- ✓ Available with Pro, Pro+ and Max or fully custom configured models
- ✓ Pressurized lubrication to crankshaft, bearings, connecting rods, and wrist pins
- ✓ Optimized valve design for the highest volumetric efficiency in the market
